Thank you. Working is distracting so that is very helpful.

Jackie

OK, thanks. Do any of you have a list of the people who attended the first meeting readily available? I can make one, but if you have it could I get it, please? Thanks.

Jackie

We have developed a short summary highlighting the key points, yes, but that was more for our internal use going forward. We thought it would be best to stick to the facts when sharing with the meeting participants, so that is why we are sending the meeting minutes, and then folks can summarize the meeting as they see fit on their own accords. We can share the summary with you when it is ready and see if we want to send that to folks as well.

I just had a chance to look at this. Don't we want to summarize the key points? I didn't realize that we would be sending a transcript.

Subject: Draft Meeting Minutes from 3/22 EPA-Synthetic Turf Industry Meeting on Federal Tire Crumb Research

Good afternoon,

Thank you again for reaching out to the EPA to learn more about the Agency's efforts to implement the *Federal Research Action Plan on the Use of Recycled Tire Crumb Used on Playing Fields and Playgrounds*. Attached please find a draft of the meeting minutes from our March 22, 2016 meeting. Please provide me with any edits to the draft meeting minutes by COB Monday April 11. I will distribute a final version of the minutes to all who participated later that week.

Thank you again. We sincerely appreciated the interactive dialogue and the opportunity to ask questions during the meeting. Ksenija Janjic and Chris Carusiello of EPA will be reaching out to you in the near future regarding the potential follow-up activities we discussed during our meeting.

Best Regards,

Nicole Villamizar
